

**PENSION  VALUATORS  
OF CANADA**

*"Valuing Pensions is Our Only Business  
Providing the Best Service Is Our Primary Concern"*

## CAUTION

You should be careful about accepting pension valuation reports that say they are based on estimates, or that say they were prepared for discussion purposes only. We have checked several of these recently and found them to be fraught with errors and wrong values.

A proper pension valuation report should always be based on factual information that has been confirmed with the pension administrator.
